Dear colleagues

It is my pleasure to welcome you to IP2025, which is the Infection Prevention Society's flagship event of the year for all that work or who are interested in infection prevention and control. I am absolutely honoured as President of the IPS to announce that IP2025 will be taking place at the Brighton Centre in Sussex on 29th and 30th September 2025.

The annual IPS conference, as always will bring you a high-class educational event, together with expert speakers, innovations, best practice solutions and research that will leave you energised with ideas, connections and networks to take back to your areas of work, be that clinical practice, research, education or industry.

Our lineup of expert speakers is phenomenal, with themes this year including AMR in action, sustainability, climate change, use of digital AI, the role of education, training and collaboration in the digital age, behavioural insights, built environment, IPC in specialist settings as well as topical pathogen specific sessions. With such a diverse range of topics and speakers there is always something to learn here for everyone.

Networking is a key component to our conference, which enables like-minded individuals to connect, collaborate and unite to work together to prevent infections.

Thank you for your commitment to infection prevention, and I look forward to seeing you at our event.

Ways to Exhibit

A COPY OF THE FLOORPLAN IS ENCLOSED WITH THIS PACK

1. SPACE WITH SHELL SCHEME

If you have a pop-up stand, banner stand, tabletop stand, display cabinets or literature racks, this is the build for you. The majority of exhibiting companies will use this method. Stand sizes range from 6m² to 48m².

If a shell scheme stand is situated on a corner or at the end of a row of stands, it will normally be left open on two sides unless other instructions are received from the exhibiting company.

PRICE INCLUDES

- Shell scheme
- General purpose spotlights allocation based on m²
- Name fascia board
- Catering and social ticket for 1 company representative for 3m² of space booked
- Website profile and link on conference website
- 75 words and a company logo for inclusion on app

Price does not include water and waste supply, sockets, furniture, display equipment and floral displays. All these additional services can be hired from the official exhibition contractor. Further details will be included in the exhibitor manual due to be sent out early July.

2. CUSTOM BUILD

This is for companies who wish to build their own bespoke stand only. The recommended minimum size for this method of exhibiting is 15m². A scaled (1:200) floor plan, design visuals, method statement and risk assessment and PLI Certificate will need to be provided. With all other information requested in the exhibitor manual 8 weeks before the start of build. Catering will be provided for 1 company representative per 3m² of space booked (plus social ticket). Sockets, lighting, carpeting & shell scheme are not included in the cost.

Please note that where the space opens onto a common corridor or walkway, only 50% of any one side of your stand may be built up to 4m.

Where the space backs onto another stand, dividing walls will need to be built by both parties.

EXHIBITION OPENING HOURS

PROVISIONAL OPEN TIMES

	Opening	Closing
Mon 29 Sept	07:30	18:15
Tues 30 Sept	07.30	14:30

Delegates will have a morning break of up to 45 minutes on both days. There is also at least a 45-minute afternoon break on Monday and Tuesday. Lunch on Monday and Tuesday will be 1 hour 15 minutes.

In addition, the event is attracting an increasing number of day visitors to the exhibition who will visit the event solely to meet companies. There are designated 35 minutes sessions within the programme to allow delegates to view posters and for company symposia; this will also be valuable exhibition viewing time as there are no parallel sessions running with the poster viewing.

Social Evening and Awards

In addition to providing a platform to share extensive scientific knowledge and expertise the IPS Annual Conference has an enjoyable social scene in which industry partners and delegates are given the opportunity to network and interact.

**MONDAY 29TH SEPTEMBER, THE GRAND HOTEL,
BRIGHTON**

Social Evening and awards

Flow of Delegates around the Exhibition

Much consideration goes into encouraging delegates to move easily and freely around all areas of the exhibition. Catering and water cooler points are placed strategically to draw delegates to all areas of the exhibition hall and seating areas are designed to allow delegates somewhere to enjoy their refreshments but not to linger. We are confident that we can facilitate an even flow of delegates around the exhibition.

Breakdown time

Tuesday 30th September 14:30– 18:00 (provisional)

All exhibitors must have cleared the premises by 18.00 on Tuesday 30th September 2025. Any additional charges levied by the venue as a result of missing this deadline will be passed onto the exhibiting company. Please note that final times will be provided in the online exhibitor manual and will override any times supplied here. Due to health and safety concerns, under no circumstances should stand breakdown occur any time before 14.30 on Tuesday 30th September or until all delegates have safely left the exhibition hall.

Stand restrictions for Custom Build stands: Any stand over 4 meters has to comply with the health and safety requirements for a complex temporary structure and must have a full risk assessment and structural plan approved by a qualified structural engineer. This is the responsibility of the exhibitor. More details can be obtained from the venue.

When booking stand space, it is the responsibility of the exhibitor to ensure that there is adequate and suitable access to all services including water and waste supply.

We strongly recommend that a site survey be undertaken if you are planning a complex structure.

Floor plans: Detailed floor plans of your custom build stand must be submitted to the organisers by 16th July 2025 (provisional) for review.

Banners: The venue will allow banners and other advertising material to be suspended from the ceiling – this can be a great way to make your presence known throughout the exhibition. If you are hanging a banner above your stand and your stand backs onto another company, the side of your banner which is visible from their stand must be blank. The information for doing this will be in the exhibitor manual and can be ordered via the exhibitor portal. You must also submit a plan of your banner to Fitwise for approval.

Balloons: Due to various health and safety concerns we request exhibitors not to use any latex balloons when decorating their stands.

Additional staff members above this number will be charged £50+VAT per attendee per day and this will include a social ticket. The charge is to cover the cost of catering and staffing which will be incurred by IPS, these charges will be invoiced post event.

Failure to occupy your allocated stand space by 07:30 on Monday 29th September 2025 may result in the allocated stand space being re-let or otherwise used.

Installation and removal of exhibits

Exhibitors will be advised of when they may commence fitting up and arrangements of exhibits. Exhibitors are prohibited from commencing such fitting up until the time nominated to them. The organiser's will use their best endeavours to adhere to the nominated date for the commencement of exhibitor's work but will accept no responsibility for any costs, claims or expenses arising from any variation to such date. Exhibits which do not reasonably satisfy the organisers shall be modified forthwith by the exhibitor in such manner and within such time as the organisers may require and in default the organisers may remove such exhibits at the expense of the exhibitor who shall forfeit all sums paid by way of deposit, rental or otherwise. Exhibits may not be removed until the exhibition has been closed. Any special arrangements for installation or removal of exhibits must be made in consultation with the organisers in order that no liability arises in terms of the health and safety regulations applying at the venue.

Stand construction and services
